# Jesus' teachings on LOVE

Jesus changed the way the world thinks about love of God, others, and self. Modern biblical scholarship, study, reflection, and personal prayer times will guide us as we seek to better understand and embrace for ourselves Jesus' teachings on love. We will also practice various spiritual exercises that tie to Jesus' teachings on love and our own spiritual growth.

All this is complimented by a beautiful lakeside setting on a point with colorful trails into the woods. Visit [www.LakesideCenterMN.com](http://www.LakesideCenterMN.com) for more about our beautiful retreat setting.
